Seeking the Best in Cybersecurity

Cyber Games are a fundamental element to developing a diverse and well-qualified community of cybersecurity talent.

## US CYBER OPEN CTF COMPETITION

July 1 - July 10, 2022: Competitors will compete in a FREE, ten-day Capture the Flag (CTF) competition consisting of virtual cybersecurity challenges across a variety of cybersecurity domains (cryptography, forensics, binary exploitation, reverse engineering, and more). Prizes will be awarded per each CTF category, and to the overall champion.

## US CYBER COMBINE INVITATIONAL

August 5 - September 5, 2022: Select cyber athletes, ages 18 to 24, will be invited to participate in a number of virtual learning opportunities, hands-on exercises, and competitions. During this qualifying phase, athletes will undergo a cybersecurity aptitude assessment, interview with multiple coaches, and perform in an advanced CTF qualifier round for their chance at making the Season II US Cyber Team.

## US CYBER TEAM DRAFT DAY

October 17, 2022: The Top 35 cyber athletes will be drafted onto the Season II US Cyber Team to represent the United States at a variety of global scrimmages and the International Cybersecurity Challenge, taking place in 2023.
